

University Committee on Courses and Curricula – Spring 2019

Meeting Minutes – March 25, 2019

Present: Amanda Athey, Sarah Berry, Uttam Chakravarty, Janet Crane, Kraig Derstler, Kimberly Echols, Yvette Green, Erik Hansen, Linxiong Li, Caroline Noyes, Rajni Soharu, Thomas Wright, Vincent Yu

Absent: Woohyun Cho (proxy voting via Dr. Green)

Quorum was established for undergraduate and graduate proposals.

The minutes from the March 11, 2019 meeting were approved. Prof. Hansen moved and Dr. Wright seconded.

There were 2 one-time waivers and 2 reactivations. There were no service learning sections.

The committee voted on proposals online via the Moodle platform. Quorum was still required for proposals to be approved. Proposals were identified on the agenda by approval/disapproval as well as the vote tally. Dr. Green allowed discussion those courses that were approved but had votes against or votes to discuss further.

There were multiple questions regarding PPEL 4999 regarding the description of the course, how students are eligible for enrolling in the course, and why the class is classified as a lab but appears to require work in the field. The committee would like invite Dr. Surprenant to the next meeting to further discuss the course.

There were concerns regarding PSYC 4540/5540 and the use of the word Suicide in the title. The word is not mentioned in the description and is not prominent in the course calendar. Ms. Berry will contact the department regarding the word use.

Dr. Chakravarty brought a memo from the College of Engineering regarding the proposals CSCI 4587/5587 and CSCI 4588/5588. The committee will invite representatives from the college and as well as the Department of Computer Science to discuss the proposals at the next meeting.

Regarding FA 3301, the committee has requested clarification about the meaning of “encouraging invention”.

The next meeting is scheduled for 4/8/19 at 11AM in AD 101.
