

THE UNIVERSITY of NEW ORLEANS

EXPERIENTIAL LEARNING AND COMMUNITY ENGAGEMENT

Service Learning

Financial Support Application Form

The Office of Experiential Learning and Community Engagement (ELCE) offers financial support for the development and execution of service learning projects by faculty who have a record of successfully leading service learning courses. Award amounts will vary based on expressed need and will not exceed \$500 per course per semester.

Funding is only available to faculty teaching courses that have been granted service learning course designation. Payment will be made in the form of additional compensation paid directly to the faculty member. Funds cannot be dispensed until a course meets the minimum enrollment requirement to remain on the schedule. Please plan accordingly.

To accommodate those who incur unexpected expenses, applications may be submitted throughout the duration of the course; however, applications will not be accepted after the last day of final exams.

Course Title	
Subject, Number	
Term Relevant to Support Request	

Please list all terms you have offered this course with a service learning component.
