- Item G.8.** **University of New Orleans'** request for approval to enter into an Urban Studies and Planning Pathway Agreement between Delgado Community College and the University.

EXECUTIVE SUMMARY

The University of New Orleans (UNO) requests approval of an Urban Studies and Planning Pathway Agreement with Delgado Community College (DCC). The purpose of the proposed agreement is to establish a transferable pathway for DCC students to become eligible for direct admission into UNO's Bachelor of Science in Urban Studies and Planning (BSUSP). This pathway will provide students with a transparent and systematic outline for successfully completing a baccalaureate degree from UNO in Urban Studies and Planning and a Logistics Certificate from DCC.

Delgado students who have completed the Logistics Certification will be admitted into the Urban Studies and Planning program at UNO provided they meet all requirements as outlined in the proposed agreement. The total number of credit hours required to complete the BSUSP at UNO is 120 hours. Students may transfer all 18 Logistics course hours (up to 60 credits from an associate degree) earned from DCC to UNO.

The Urban Studies and Planning Pathway between UNO and DCC will help to ensure both institutions are being proactive in addressing challenges in the economy and resulting changes in the higher education landscape. In addition, the partnership ensures the participating institutions are responsive to relevant workforce needs of the local, state, and regional industry partners. DCC and UNO will review and approve together all student recruitment materials and events pertaining to the Urban Studies and Planning Pathway as defined in the agreement. DCC and UNO will also participate in joint recruitment activities that include but are not limited to high school visits and presentations, community outreach events, and on-campus orientations.

RECOMMENDATION

It is recommended that the following resolution be adopted:

NOW, THEREFORE, BE IT RESOLVED, that the Board of Supervisors for the University of Louisiana System hereby approves University of New Orleans' request to enter into an Urban Studies and Planning Pathway Agreement between Delgado Community College and the University.

Northshore students who successfully transfer to UNO will earn the BSUSP after completing the additional required credit hours (69) at UNO and any additional UNO degree requirements.

The Urban and Planning Pathway between UNO and NTCC will help to ensure both institutions are being proactive in addressing challenges in the economy and resulting changes in the higher education landscape. In addition, the partnership ensures the participating institutions are responsive to relevant workforce needs of the local, state, and regional industry partners.
