Congratulation to the Spring 2022 ACERS Scholarship Recipients

The ACERS Scholarship (Achievement in ComputER Science) is a merit-based scholarship for students who can demonstrate a degree of financial need greater than that of the scholarship. Twenty ACER scholarships are awarded each once a year specifically to UNO Computer Science students.

Twenty-one undergraduates and eleven graduate students were awarded ACER for Spring 2022. The amount of the scholarship is $1,500 (graduate) / $1,000 (undergraduate). The scholarship is offered to defray tuition costs in the Spring 2022 semester.
