## A Bill

---

This is a bill to allocate \$1,741.32 from the Senate Operating Account to assist UNO Garden Club in restoring, sustaining, beautifying, and growing the campus garden.

**Whereas**, the UNO Garden Club is registered with the Office of Student Involvement and Leadership;

**Whereas**, the supplies are necessary to the UNO community because this will allow us to build raised beds, plant native plants, and grow food crops;

**Whereas**, the Community Garden Club will continue to invite students to our meetings, host open events, and collaborate with other local organizations and clubs on campus;

**Whereas**, our Garden Club has big goals: sustainability, community, beautification, and growth.

**Whereas**, we need supplies to build garden beds and fill them with plants.

**Whereas**, our requested supplies will allow us to build productive, long-lasting, and attractive beds, along with low-maintenance and water conserving irrigation systems.

**Whereas**, we will plant native plants, food crops, and herbs to provide homes for beneficial pollinators, conserve native biodiversity, beautify our campus, and benefit the local environment.

**Whereas**, some of our products will be donated to the Privateer Pantry!

**Whereas**, we have included items that will allow us to brighten up our existing supplies and structures, create educational signage, and decorate the space with art.

**Whereas**, we have also included supplies to keep us and our tools safe. We have requested a safe container for our tools, gloves for working, and locks to secure the space.

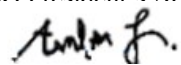

**Whereas**, We have made connections across campus and look forward to incorporating the greater community
