A Bill of Particulars

This is a bill to call for the impeachment of Senator Brendan Mott for being in violation of UNO's Constitution and Student Code of Conduct, as well as for the ongoing disorder, distrust, and animosity that the senator in question has generated amongst senators, executives, as well as faculty and staff.

Whereas, Senator Brendan Mott has conducted themselves in a disrespectful, duplicitous, and unprofessional manner deliberately which has negatively impacted senator relations, senate proceedings, and The University of New Orleans Student Government Associations reputation as a credible and objective force of leadership and good on UNO Campus.

Whereas, Senator Brendan Mott has violated Article 7.1.2. "Dereliction of duty, the persistent poor performance of their duty, or the malicious abuse of their authority"; on numerous occasions in order to consolidate independent power and influence separate from that of senate, through means of committee creations.

Whereas, Senator Brendan Mott has violated Article 7.1.1. "Willfully overstepping constitutional bounds/constraints."; regarding the inappropriate line of questioning directed to towards a potential senator Mary Jackson, that extended over the senate related questioning that is to be abided by, that resulted in a formal complaint being filed against The University of New Orleans Student Government Association, which garnered negative attention from The President of the The University of New Orleans, as well as placing the work of the senate under scrutiny.

Whereas, Senator Brendan Mott has violated Article 7.2.3. "They must act in a manner according to their position as a member of UNOSGA at any University, or University affiliated functions"; as the senator in question was caught on record during a formal senate meeting that took place on April 27th 2022, at approximately 6:45 using very inappropriate and hostile language directed at the current Vice President of The University of New Orleans Student Government Associations Angelo Charles during a senate proceeding, that resulted in senate disarray.

Whereas, Senator Brendan Mott refused to abide by and follow senate proceeding after being outwardly aggressive and hostile towards Vice-President Angelo Charles, by refusing to abide by senates formal vote to remove Senator Mott from the room on the grounds of inappropriate and continued lack of disregard for senate proceedings, Senator Mott responded by refusing to abide by the rules and regulation of senate in turn becoming more hostile and unreasonable.

Whereas, Senator Brendan Mott violated rule 7.1.2. in doing so damaging the comradery of senate by taking full credit for the "Beautification Bill" after informing the original group of senators that the bill could not be passed due to time restraints, then proceeded to draft and submit a bill omitting the names of the original senators who were key in the fruition as well as the naming of the bill, going on record during senate proceedings to take full credit for the fruition of the bill using it to increase their chances of getting the job of VPLA of The University of New Orleans Student Government Association in the Fall Election of 2021.

Whereas, Senator Brendan Motts actions have lead to a negative perception of senate by both senators, students, and staff alike regarding the ongoings misconducts that have been allowed to stand with little or no repercussions, Senator Brendan Motts actions have resulted in an increase of senators reevaluating their status on senate due to the kind of outburst and environment that has been created and allowed to thrive, as well as causing a negative connotations to be directly associated with senate and what it takes, or rather does not take for a student to become a student representative at The University of New Orleans .
