With 19 out of 23 senators present, we meet quorum. Okay, so the Election Commissioner, whose Election Commission we were supposed to appoint is not here yet. So we'll have to amend the agenda.

V Vice President Charles 17:43
Point of order, sorry, you can motion to table the item.

V VPLA Goldstein 17:49
Okay. Can I get a motion to table that agenda item until they arrive.

P Pro Tempore Mott 17:55
Brendan Mott, Pro Tempore, I motion to table that item until that person arrives

V VPLA Goldstein 18:00
Can I get a second?

S Senator Hunsaker 18:01
Daniel Hunsaker, Junior-at-Large, I second.

V VPLA Goldstein 18:06
Ok, we'll have a roll call vote on the tabling motion. When I call your name please vote yes no-

P Pro Tempore Mott 18:17
Point of information, Brendan Mott, Pro Tempore, that can be a vote of just Ayes if you want to.

V VPLA Goldstein 18:26
Sure. All those in favor of tabling it say Aye.

S Senators 18:33
Aye.

V VPLA Goldstein 18:38
Okay. So then moving on, are there any senator communications or announcements? Are there any non Senator communications or announcements? Does the pro tempore have a report?

P Pro Tempore Mott 19:06
Hello, everyone. So this is going to be kind of short. But I just want to let everyone know the Governance Committee continues to meet and we have been looking at the SGA Rules and Procedures, one of our members actually did a long draft of a new Rules and Procedures and I have to shout out Brett for doing that. That's actually very commendable to decide to do something like that, and then present it to us for feedback. We also invited Vice President Angelo Charles to our meeting last week to come in and look at it as well. And then we're also starting to look at code of laws as well, but that's kind of our main focus right now is the Senate Rules and Procedures. And then outside of Governance Committee, I have also been working on that bulletin board project that kind of got put on the back burner, but we have an official list of bulletin boards now and I'll talk about that more during open forum, and I yield the rest of my time for questions.

S Senator Duong 19:59
Any questions for Brendan?

S Senator Martinez 20:04
Oscar Martinez, Graduate-at-Large, so, do we have like a time estimate of when it will be finished?

P Pro Tempore Mott 20:13
Which are you referring to: the Rules and Procedures or the bulletin boards?

S Senator Martinez 20:17
The Rules and Procedures.

P Pro Tempore Mott 20:19
So, the process that will take place is after we are finished, which we are going to look at our edits again this week and I will actually use that question to Brett.

S Senator Fornatoro 20:30
Brett Fornatoro, College of Liberal Arts. The Governance Committee will likely be voted on it Friday.

P Pro Tempore Mott 20:38
And then after we vote on it, we will write a procedural amendment which will go to the other committees and then will be voted on by the Senate. And we're going to help other organizations. I recommend when you do this committee you put the old one and the new one side by side to look at the differences look at what you agree with and don't agree that if you have things that stand out please reach out to us and tell us like hey I don't know if I agree with this.

V VPLA Goldstein 21:07
Any other questions from Brendan? Do any other committee heads have a report? Can I get a second for the motion to recognize Star?

S Senator Rizzi 21:34
Yes, I'm here at point of information I actually just got married to my last name so my last name is now Kherson. Thank you.

V VPLA Goldstein 21:47
Okay, do you any other committee heads have a report

S Senator Fornatoro 21:49
The athletics committee is *inaudible*

V VPLA Goldstein 21:57
I'm asking if any committee has one, so if you have one you can absolutely come up here.

S Senator Fornatoro 22:16
Brett Fornatoro, College of Liberal Arts. So our first meeting for the athletic committee will be tomorrow at one over zoom. If you haven't reached out to join and you still want to, if you want to attend that meeting, feel free to contact me I'll send you the Zoom link. Other than that me and Jordan had a really productive dialogue with some of the athletic administrators the other day we look forward to talking about that at the meetings. Any questions?

V VPLA Goldstein 23:00
Okay, so do you have a report?

S Senator Duong 23:42
Had a good day?

P Pro Tempore Mott 23:55
Point of enquiry, Brendan Mott, Pro Tempore. For timing purposes, is this a report of somebody else or if it's a report..

V Vice President Charles 24:02
This is a report of the president. So I am going to give my report, then I will give the presidents. So the beginning of my voyage Vice President, Angelo Charles, for the record. I would like to begin. So the budget request will be finalized on March 31. Just to keep that out there that's the only communication about that. For the retreat we finalized the date. Upon request I will be sending a closed message if you email me, but we did finalize it is April 8, and we will be providing more detail. So basically, we are going to a escape room and as a team building exercise. I will be sending out a Google form, I will be providing the food. I will provide an external of food. Just in case of dietary restrictions. That's better to make sure you are accommodated. So make sure April eight is in your calendars, and we cannot make it please in the email. Send me an email. I will select files by Friday send out an official notification via email. If you have questions in mind, please send it to it. So, in the current senate operating budget numbers is \$19,804.31. I think that's right. This month. Yes, so \$19,804.31 on the

executive budget also has money, if you want to know how much please ask me after. Again, utilize this, we have two months left, it's about three meetings. So, pass bills and use this money. When we look at it accounts and look at the next year, let us see and analyze is the Senate access certain the money that it was allocated from the previous fiscal year. If you guys are not, you may be subject to a lesser allocation for the next year. That is my report. I would end on a quote, but I will say continue to be great, and I appreciate all of you.

U Unknown 26:23
*inaudible

V Vice President Charles 26:27
Yeah, I will just motion to be recognized. I yeild, the rest of my time for questions.

V VPLA Goldstein 26:34
Does anyone have any questions for them?

S Senator Smith 26:38
Yes. So DaYanah Smith, college of IDS. So for April 8, would it be *inaudible*?

V Vice President Charles 26:46
Oh, so that is listed in the box, unless there is something different. This is just a senator retreat. That is senatorial requirement in the constitution. So it has none, it will be in New Orleansns.

S Senator Smith 26:59
Okay.

V Vice President Charles 27:00
We might be off topic. Yes?

P Pro Tempore Mott 27:09
Brendan Mott, Pro Tempore. How many budget requests have been put in, if you are allowed to discuss that?

V Vice President Charles 27:14

I am allowed to discuss that, unfortunately the activite has not been as good as I would like to be. *inaudible* IDoes that answer your question?

V VPLA Goldstein 27:24

inaudible

V Vice President Charles 27:25

No, no, he's asking about budget requests, how many people are... three people doing one bill each?

P Pro Tempore Mott 27:41

And then further question, Brendan Mott Pro Tempore. So, I've actually done some reaching out to my academic department and one of the issues is that that they would be okay putting in a budget request but they just don't know what students want. And I'm gonna be honest, I don't really follow a lot of our classes are online. So I don't really know any particular issues that we looked at, other than a better computer equipment. And I don't know if that's really our liberty to find better computer equipment.

V Vice President Charles 28:06

So again, so that's up to the department to decide how they want to improve their own department. Now organization is their responsibility to plan for the students. Allow us say that we don't know what the students want. We don't know what the students need. It's up to your department to decide and allocate and do it in its best interests.

V VPLA Goldstein 28:28

Are there any more questions for Vice President Charles?

P Pro Tempore Mott 28:51

Brendan Mott Pro Tempore, I motion to recognize Twanna.

V VPLA Goldstein 28:52

Can I get a second?

U Unknown 28:57
(Second)

S Senator LeBeau 29:04
Thank you.

V VPLA Goldstein 29:08
So the Election Commissioner is now present. So we will go back to that table. Graham, we please just address the Senate regarding your equipments for the election commission. You have three minutes to speak and then there will be three minutes for questions.

E Election Commissioner Regan 29:28
I'm **Regan ROSAT**. Election Commissioner. Hey y'all I'm the Election Commissioner and I'm here today to tell you all the people that I have appointed for the election commission and to get Senate approval. I just want to let everybody know that I've interviewed and carefully examined each person on the commission to ensure that they will all uphold the election code and set forth in the constitution and bylaws. So the people that I have elected or Jaylen Hoskins, David Hidalgo, Ryan Robinson, Jacqueline Henderson and Aaron Cohen. Unfortunately they are not here today. And that's all that I have to say. Oh, Jaylen's here.

J Jaylen Hoskins 30:42
Hello everybody!

V VPLA Goldstein 30:45
Does anybody have any questions for Regan?

P Pro Tempore Mott 30:57
Brendan Mott Pro Tempore. So, what is the application process that went through because you said that you like screen people in a way, but what does that like consist of?

E Election Commissioner Regan 31:12
I basically asked them questions about how they felt about UNO and their availability. I asked them interview questions and if they would you know be ethical in this process as well.

V VPLA Goldstein 31:37
We will not do a roll call vote, when I call your name, also just make everybody aware if we don't approve the election commission, the election could be pushed back. Just letting y'all know.

U Unknown 32:14
How far would it get pushed back?

V VPLA Goldstein 32:16
It will get pushed back until we can get a commission, so I don't know but yeah.

U Unknown 32:23
Point of information *inaudible*

V VPLA Goldstein 32:29
Just to make everyone aware. This is unpaid. Not a lot of people are really chomping at the bit for this job. So it's, you know, the fact that she found people that are willing. It's just, I'm not going to tell you how to vote. I'm going to call your name please say yes, no or abstain.

With 21 yes votes a no, nos the election commission is appointed. Moving back to Executive Reports, the presidentOn behalf of President Morales, the election timeline has begun and I'm so proud of you all, and I'm excited to see what you all bring to the table. Today. She had a meeting with the director, that it's Tim Duncan. He will be joining us next week for a meeting. So please be at the next meeting. If you are, she has a meeting with the director to discuss the future *inaudibl*. Keep your head up, we are close to the end of the semester, everyone has done great, good job. That concludes the president's report. Okay, this is going to be quick. Vice President of Legislative court. Thank you to everybody who showed interest in revising the student government constitution. Based on the current election timeline, the revision will not be completed in time for the student body to vote. However, I am going to start an email thread where we can sort of divvy up parts of the Constitution and begin a dialogue to start revisions this summer. As long as it's completed in time for next semester, you guys can definitely have the student body vote on during fall 2022 elections. I mean, I think if anything, this is kind of shown that it is going to be somewhat of a process and our time with it. So this will give you more time to fix it. Regarding you ULS day, we spoke with administration

yesterday, Dr. Nicklow and Dr. Goles. Basically they told us, the nature of ULS day is changing pretty significantly. There's been a reduction in capacity due to change in venue. So, this was imposed on the entire ULS system and was not a UNO decision. They will let us know as soon as they found out. But so basically, it's not going to be like a fun social event like it was in the past. It has been moved to the Barracks. It's not on the lawn in front of the state capitol. As a result, the space is so limited, that it can bring too many people and people will not have a place to sit. They apologize, and want to give apologies for misleading you guys. They thought that we need to bring like a bus load of people and it turns out that it's not transportation issue, it may have changed because of COVID. But regardless, that's the reason that happened, and they wanted small numbers. Lastly, we have our first piece of legislation coming forward today and there's a good bit coming through the pipeline. So just please continue to stay on top of your committee duties in the coming weeks so that we can get through the necessary committees and move them to the Senate floor because that's Angelo said. If we don't spend our money, they will probably not give us the allocation that we get moving forward and we want to be able to continue on student activities. I yield the rest of my time for questions.

V

VPP Mailhes 38:44

Hey everyone, hope you had a good day, welcome to the Senate meetings. So first, I want to say the karaoke night last week, it went really well. I think it led us to the campus back we're trying to do stuff for you. We shout out your electronic forms. So that was good to bring them around and bring people back. So stuff is happening in SAC we try to keep that kind of up beat energy on campus. So before more to that, we're having our women's retreat this week, Friday and Saturday from five to seven on Friday and ten to two on Saturday. Tickets are still available on the UNO SAC Instagram account so you want to you should do it or it is an network opportunity. You'll hear like a bunch of popular speakers we have activities, it is a really good opportunity for networking. What I'm really excited about today is top model is coming back it was like no event that happened a lot, it was really popular. We had auditions in this room actually really great people, some really great students to be a part of it and we're having a local drag queen host it this year. So that we really good event again, just to bring up student morale and stuff like that. That will be April 7, opens at 9. So if you're available to come, to volunteer, please put it on your calendar for next year next time and just so you have it in your calendar. SUCBAUF is back it's going to be just like it was before. You know, un-limited for students, everything like that and that's April 26, just put it on your calendar. Thank you for allowing this meeting and I yield my time for questions.

U

unknown

V

VPP Mailhes 40:25

It's gonna be the same, in the UC parking lot or just over here.

S

Senator Smith 40:31

Davona Smith College of IDS For the womens retreat what is the date and time?

Beyond Smith, College of ISB. For the women's retreat, what is the date and time.

V VPP Mailhes 40:36

Yes, on the Friday is five to seven pm and they're both in the insbrucks suit on Friday 5 to 7 and on the Saturdays 10am to 12 pm. You don't have to stay the whole time to come. In the insbrucks suite.

S Senator Smith 40:48

Okay.

V VPP Mailhes 40:51

It's across. Right next to the ballroom. I'll lead you there.

P Pro Tempore Mott 41:00

Brendan Mott, Pro Tempore. There used to be this event that happened my freshman year and never happened again, the international night. Is that a SAC event?

V VPP Mailhes 41:07

That is IOS, the International Orginazation.

P Pro Tempore Mott 41:11

Okay, and the further question. I have been told that it's not happening this year, but that was in our budget. So, that might be a vice president question. But, what should we do about that?

V Vice President Charles 41:25

Sorry what was the question?

P Pro Tempore Mott 41:26

So, international night, which was a IOS staple event, that was in our budget that we pass. But, that event is not happening. So, does that money just get pushed to the Senate as well? But, what happens to budget money?

V Vice President Charles 41:38

V VICE PRESIDENT CHARLES 41:30

Unfortunately, I do not have that information.

A Advisor Courseault 41:40

Point of information, unfortunately there were a lot of events that failed last year. Unfortunately, it was a budget request. They literally happened to*inaudible*, just need people. However, if that money is not used, it is both over pleasure, personally *inaudible*. Now, there are submitting papers and talking to Senator LeBeau, to go to look through the budget committee, because there are things that you guys have not used *inaudible*. That's \$40,000 you are sitting on. So I really encourage you all senators to go and look at the budget that was passed last year. When it comes down to budget requests, we have to give organization direct access, because it is for the school year, we can't put a limitation on a event. Well we do, but at the end of the semester. But yeah, I just want to encourage you guys to look at the budget and just see where all of your money is. I hope that answered your question.

V VPP Mailhes 43:18

Just for transparency, we use all of the money you give us. We use every last penny. We thank you.

A Advisor Courseault 43:30

Actually, I do not well. I'm really excited to senators Pat, I think this is one of our major elections that we've had in the past. So that's pretty exciting. If you are running for office, you will be able to start election campaigning on the 18th We're gonna send out emails reminding you of the election campaign rules, um, your shirts, your shirts, there was an issue with our budget line item. So I will send you guys out the design is not I'm hoping it will be here for today. Um, yeah, other than that, that's everything that has court and you'll have a question certificate. Can I also give kudos to the Governance Committee as well. It's not an easy job, it's really looking at all the pages of the document reading it, digesting it. So I'm putting this lesson the amongst the senate. With that when *inaudible* come your way, don't just pass it along, take the time to break it down to digest it. And if you're coming to senate next year, and you don't read the rules or procedures, then you can't get upset, If you didn't read it, if something changes, and you didn't know about it. So please when they come your way, please, please. Do a good job.

P Pro Tempore Mott 45:21

To give a point of information, Brendan Mott Pro Tempore, if Brett or any of the other goernence committee want to or say more afterwards. I just want to let you know that the changes are not super significant, most bits are to make it more understandable at this point in time.

V VPP Mailhes 45:43

We're now moving to new business, do I have a motion to hear new business?

P Pro Tempore Mott 45:50

Brendan Mott Pro Tempore, motion to hear new business.

S Senator Smith 45:52

Da'Yanah Smith College of IDS, I second.

V VPLA Goldstein 45:55

The first piece of new business is **Vf 22. C two**. Will the authors and sponsors of this bill come forward to the stand. You have 6 minutes, 10 minutes for questions

S Senator Smith 46:33

I'm Da'Yanah Smith School of IDS. So, this bill is for the building and rebuilding of the school of IDS. We were born in the month of November of last year. Now that we are now officially no longer a program, but actually a school. Since nobody knows and no one is informed yet. I believe that this event is very important not only to the IDS students, but also to our institution as a whole. Because not too many schools around us get, you know, gets a chance to have a new school coming to your university campus. So please, so this bill is for allocation of funding for food, also drinks as well, and also for decorations. There will be about 50 students there estimation between students and also alumni as well, along with staff. I know our president will also be there as well. And I hope to see you senators come out and support .ost definitely. And so if you all have any questions, I'm opening up the questions.

V VPLA Goldstein 47:40

You have 10 minutes for questioning.

S Senator LeBeau 47:45

Senator LeBeau college of Liberal Arts, I know I was like supposed to give you questions, I was supposed to email it to you. So you know the healium, and about the costs.

S Senator Smith 48:00

So in regards to how I will blow up the balloons, Mrs.Tiffany actually informed a few weeks ago that there, I think, is a balloon pumper, or some thing on campus that I could definitely use that would be free of charge.

S

Senator LeBeau 48:15

And then another question that we've said, that you can't do that, like the decorations, you can instead of buying them, you can just get them because, you know, other organizations have decorations. That, you know, probably, use or you can find the decorations for cheaper is all. To do that.

S

Senator Smith 48:39

Yes. In regards to the basics. I will, I'm willing to look into Walmart. Yes.

A

Advisor Courseault 48:47

Point of information, *inaudible* So because of how our PO process works, Walmart *inaudible* That are requires, but the way that UNO *inaudible*

S

Senator LeBeau 49:19

Alrighty that is my question said that I needed to.

S

Senator Smith 49:26

Okay. Does anyone else have any other questions, thoughts and concerns? Yes.

P

Pro Tempore Mott 49:34

Brendan Mark pro tempore and I technically know this, but I think it would be good to just to mention it. Do you know what the benefits are of being a school over a program?

S

Senator Smith 49:45

I dont actually know the full out benefits of it. I actually do not know in regards today. Do you know Mrs. Tiffany?

A

Advisor Courseault 49:54

The one big difference, if I'm not mistaken is that you can say that you were in the school of IDS. *inaudible* Brendan, you know, but would you let us know?

P

Pro Tempore Mott 50:15

T PRO TEMPORE MOTT 50:19

Yeah, point of information Brendan Mott Pro Tempore that is correct. In addition, schools get more funding than departments. So, IDS will not be funded as much as a college but they will be funded more than a department. Right? So that means the program could be made even better than it already is.

S Senator Smith 50:34

Okay, and I also do want to inform you all that I did make mention to them right when the budget request did open so they are in their positions together

S Senator Moss 50:44

Jordan Moss junior at large, if you know how many people will be attending, is it a private event just for the college of IDS or is it open to all the students?

S Senator Smith 51:00

Yes, So the event is open to any student here at the University of New Orleans any staff members open to all but we just you know, doing it for the celebration of what the student body is. So you know, whether you're not of the school, I would definitely support because, like I said, it's all a part of you UNO, and we all come together to be one.

S Senator Moss 51:24

Is it more formal like, dressing up?

S Senator Smith 51:33

Definitely more informal. No dressing up. I know, at seven o'clock, the jazz band, everybody going to be at the Cove afterwards. So it just got to be a transition. So you definitely want to stand for more music, and, you know, fellowship, and also food and everything else, definitely come.

U Unknown 51:53

inaudible I know that UNO caters the food and I know one thing on the bill. I know you have another person catering.

S Senator Smith 52:11

Right. So um, yes, that was a question in regards to the cake, I ordered some cake pops I put that on my list. The reason why I did that because there was no area on the Chartwells website

for a cake, but I did speak to the administration over Chartwell, so they are going to get that done for me instead. Any more questions?

S

Senator LeBeau 52:38

Jordan Moss Senior at large, so since they are going to be doing the cake. What is the amount needed for the cake since you are not going to need the amount you requested for the cake price in the other meeting?

S

Senator Smith 52:52

Okay, well, I do want to let you know that I recently got in contact with him. So I'm going to be meeting with him soon. I think early next week, in regards my case size, I'm looking out for the email then. But it also does state on the bill that any money that I does not use. That I will give back to you all. Any other questions?

V

VPP Mailhes 53:18

So, we will now enter initial debate, do any senator rise in opposition to this bill?

V

Vice President Charles 53:29

Prior to *inaudible* So at the meeting yesterday with the administration is aware of this event, President Nikalove specifically, and this is a answer to Brendan Motts question from earlier. Is this is a big deal? It is. *inaudible*

S

Senator Duong 53:56

So do any senators rise in opposition to this?

S

Senator Fornatoro 54:01

Brett Fornatoro College of Liberal Arts, I would like to rise in oppositon.

V

VPP Mailhes 54:06

Okay, so the first three minutes will be controlled by the first senator to rise in opposition. And then the next three minutes will be controlled by the sponsor of the bill.

S

Senator Fornatoro 54:15

Brett Fornatoro College of Liberal Arts. The reason I have risen in opposition to this bill, is not

its intent. Not at all. So there's \$1132.00 allocated for catering. This money I would be very happy to vote in favor for however 40% of this bill or \$470.81 is funding decorations in cakepops. Which, I don't find necessary to be using SGA funds to purchase. However, like I said, if this bill were amended to only include just over \$1,100 for catering and I would be very much in favor

S

Senator Smith 55:25

School of IDS Da'Yanah Smith.

V

VPLA Goldstein 55:27

You can come up here.

S

Senator Smith 55:28

Okay. Da'Yanah Smith School of IDS. Um, I do want to thank you for your support abundant of wanting to fund in regards to my food items on the list. But I also want to let you know that in order for any event to happen, though. You also need declaration, especially if you're going to have administration up here and also the news as well. Um, like I said, this is very important. I'm glad that you did look at the percentages as well, but I just want people to know that this is really a big deal. I mean, even though because what we don't want to do is have more I'd rather have more decorations than more food that that probably will be wasted. I feel like right now we could fund \$3,000 to a swamp ball that people barely showed up to why can we not to this event. And not only that we have \$19,000 that's up there that have not been allocated or used or anything for any event. So \$1,000 some 300\$ some dollars more some more cent will not do anybody any harm. If anything it would do any good it would do some good because it would show in our documents when people look at data that it has been allocated somewhere somehow.

S

Senator Hunsaker 56:58

I just have a question, Daniel Hunsacker Junior at large. Brendan did mention that your school gets more money now. Is there another alternative source of funding that could fund the decorations

S

Senator Smith 57:11

In regards to that.

V

Vice President Charles 57:13

Hold on to establish some decorm. There is a real formal process of how we do this. There is three minutes. Who's keeping time?

P Pro Tempore Mott 57:19
I'm keeping the time, the time it's not up yet.

V Vice President Charles 57:21
Okay, so someone needs to allocate time for questions this is not a question. So she's done.
Yes.

V VPLA Goldstein 58:04
Brendan, go ahead.

P Pro Tempore Mott 58:04
Point of information, Brendan Mott Pro Tempore. The author or principal sponsor after somebody rises in opposition does not wish to speak for three minutes, the remainder of the three minutes. The remainder of the three minutes is given up to any senator who wishes to rise in support to the to the legislation. Therefore, the time is about. He will have one minute and 40 seconds left.

V VPLA Goldstein 58:34
Okay. Does anybody want to rise?

S Senator Hartlin 58:41
I apologize. But can I rise in support?

V VPLA Goldstein 58:47
Well, so Tawana is but you can after. I guess she's just gonna take a min.

S Senator LeBeau 58:56
Brendan, how much time?

P Pro Tempore Mott 58:58
1 min 40

S

Senator LeBeau 58:59

Tiaowana Lebeau College of the Arts. Like Da'Yanah said this is very important for them and even if they get more money for them being a school. They said that money doesn't kick into place until after it is, you know. So I think for us, it's like, it's a big deal for them. Like she said, we have an \$19,000 and we have not used any year. So we might as well use it somewhere before he gets taken away and watch it become smaller. And getting later on, we don't have too much money for anything because we're not allocating funds anywhere.

V

VPLA Goldstein 59:43

Bryce?

S

Senator Hartlin 59:46

I rise in support as a former graduate of the IDS program. And I believe that well, since we have so much money in the well, the Vice President has always said get bills so we can spend more money. And a bill has been brought up and has been nitpicked. I believe that the decorations, considering it is going to now be a school, there's gonna be more parties and they can reuse those decorations. As for the cakepops, it is a cake. It's in the form of a cake. Like I believe that it is, it is true to the IDS name. And I believe it needs to be held.

P

Pro Tempore Mott 1:00:39

Brendan Mott Pro Temore, I rise in support because we have funded decorations and cakepops before so why shouldnt we do it again? This has never been an issue before.

V

VPLA Goldstein 1:00:56

inaudible

V

Vice President Charles 1:01:00

Yeah, so to give some perspectivewe havent passed a bill since October. We have well, we have one month left that's like three meetings, four meetings? Realistically, I don't know if y'all have bills coming up I hope you're doing well this week this money will be absolved. So because I'm the vice president I can neither rise in support or negation of a bill. However as I stated before, you know use the money wisely. This is an academic institution. This is a college it's been born but you know it's something that's happening yes they are you know, holes in the bill, its now a perfect bill but I do recommend it.

- U** Unknown Senator 1:01:57
inaudible I just have one question. what was the amount responsible on the swamp ball bill for food?
- V** Vice President Charles 1:02:03
3000~.
- U** Unknown Senator 1:02:03
And that was just on food?
- V** Vice President Charles 1:02:04
Yes, and the food was um, miss allocated.
- P** Pro Tempore Mott 1:02:20
Nevermind
- V** VPP Mailhes 1:02:28
So it says in my script here that we are now going to amendments that need to be submitted.
- P** Pro Tempore Mott 1:02:36
We can motion to add amendments later if they choose to, if any senator can. So let's say the senator wants to make some amendments they can do so.
- V** VPLA Goldstein 1:02:46
Okay. So, we will now move to amendments. Are there any amendments? Okay, we will now enter a final phase the first three minutes will be controlled by the senator who rose in opposition to this bill.
- S** Senator Fornatoro 1:03:01
Brett Fornatoro College of Liberal Arts. Hello, everyone. I certainly don't want to come off as saying I'm downplaying the significance of the event because I would like to go and attend and participate in the event as much as anyone else. I, I again, I just don't see a need for things like sequin tablecloths, or rhinestone ribbons, glass pebbles to fill glass vases, confetti, that

centerpiece for these glass spaces, balloons and again cake for over 50 people. That to me, this is just it's it's too much. It's frivolous, the 1132 for food, I would be again, more than happy to vote in favor for again, I see this as being a very necessary event for our school, our community. My fellow students, the students of the IDS program. I just don't believe that this bill is secure enough to turn a vote in favor of next

S Senator LeBeau 1:04:24

Senator LeBeau College of Liberal arts. We actually discussed this in the finance committee. And we actually we had these questions that you had at first to. Do you really need these? Can you buy cheaper prices? But you can like most of the stuff you can really but for cheap. True but okay. And we thought about that. But now, you have to order of Amazon or Office Depot. And we also thought about asking what the organization's would have the right, you know, their declarations from past events. And like we want the enterprise community and that's why we came with a list of questions to ask about it. You know.

S Senator Fornatoro 1:05:22

I think we're kind of missing what I was going for, I'm not necessarily saying you should scale back on how much spending on these items, I'm saying they shouldn't be there altogether, that's about it.

S Senator LeBeau 1:05:35

Right. But these items that she had, that they can have stored in a closet. So it'll be like if you can use...

S Senator Fornatoro 1:05:42

So like the off chance that years down the road we might use them one more time.

S Senator LeBeau 1:05:47

Maybe, but you know, a lot of organizations have stuff as decoration, that they can pull from later on, you know, it could be useful for that, but we thought about that to, put it in the decoration closet instead of us funding decorations again. Again, they could just pull it from the closet, if you have the decoration already so it will be used again. Later on. It doesn't matter if it's like a week or a month or two months or three months down the line, they can just use the decorations again.

S Senator Fornatoro 1:06:13

it we don't have a plan to use for these items online. We're just kind of hoping it comes up I don't see that the reasons vote in favor of.

V VPP Mailhes 1:06:22

Hi, Point of privilege, Vice-president of Programming Maggie Mailhes, as like someone here who deals with decorations, catering planning all the time, you do reuse that. SAC reused everything we have ever had. You can use it for tabling you can donate to another organization, you IDS to use it. Those things can use again and they're expensive and I just want you all to think when you walk into a room the way the room looks, it does influence how you act, the way you feel about the room, everything. I walked into this room this weekend it was dirty, I dont feel as good walking into this room. You put a table cloth over it and a nice centerpiece you feel better and it established importance and they are important, decorations do matter when it comes to it. That is all I want to say.

S Senator Fornatoro 1:07:02

So if the SAC is using these items do they happen to have extras that we can use for this event, instead of having to buy new ones?

V VPP Mailhes 1:07:08

Well, we don't have like the specific things you asked them for. We have balloons.

P Pro Tempore Mott 1:07:14

Brendan Mott Pro Tempore, point of order we are definitely way off of deorum at this point.

S Senator LeBeau 1:07:24

Jordan Moss Junior at Large, I motion to suspend roberts rules.

V VPP Mailhes 1:07:57

When I call your name it's a motion to suspend Robert's Rules. When I call your name please say yes, no or obstaine. Dwayne Crenshaw.

 Senator Martinez 1:10:09
I just have a point. So...

 VPLA Goldstein 1:10:14
Oh, wait, sorry. Please state your name for the record just.

S

Senator Martinez 1:10:17

Okay. Oscar Martinez, graduate student at large. I think if this were the last bill of the semester and we were worried about money. It's kind of be a bigger issue than what it is. But it's like the second so I think we should just push it through because A.) it's a big thing for college of IDS. B.) the things that have been mentioned as potential pitfalls of the proposed bill have been counteracted by multiple people in this room and C.) if one thing you know we're already get out of here.

M

Moss 1:10:57

Jordan Moss,...*inaudible* Is not help fund a event as important as this, school of IDS, would set a very negative tone on SGA for those students who are a part of that organization, and it kind of looks like. Hey, you're finally becoming a school but we don't want you to have a nice event so we're just going to get you food, enjoy your event. Have a nice time. That looks bad on SGA and we already don't have that much engagement and support amongst our community. Se we need to support them to make sure they have a nice event and feel that they are well take care of . So they know moving forward that SGA is here for them and we support them in all directions.

P

Pro Tempore Mott 1:12:26

Brendan Mott Pro Tempore. So we've funded these things many times before and also correct me if I'm wrong, Tiffany but usually when we fund decorations they're SGA property is that correct? Or does depend on what is being ordered.

A

Advisor Courseault 1:12:40

It depends on what is being ordered.

P

Pro Tempore Mott 1:12:42

Okay, but either way this can be used again and I'm sure it's people knew its IDS's have them or if they were IDS property you could probably ask them they probably let other departments use them and their SGA property or SAC property we will let other people use them. Honestly I don't see why we even need to have a debate about something like this like I think this is ridiculous and too far.

S

Senator Hymel 1:13:03

Jenna Hymel College of Liberal Arts, I am of the idea that this is the introduction of the school IDS. Therefore, they need a good impression and frankly it's not going to look bad on SGA. But, on them the school of IDS.I

V VPLA Goldstein 1:13:25

Also since we suspended Roberts rules. I was just going to say that Da' Yanah has said that she's willing to look into getting some decor from other organizations and going to try to find ways to cut costs and for Bill also states that any money not used will be given back to SGA. So, there's still a very good possibility that not all will be spent.

S Senator Dazet 1:13:53

Candace Dazet Gradschool Student at Large. Can I make a motion that we go ahead and vote on this?

S Senator Smith 1:14:03

Da' Yanah Smith, I second.

V VPLA Goldstein 1:14:06

Does anybody oppose it?

S Senator Fornatoro 1:14:07

Brett Fornatoro College of Liberal Arts. *Inaudible*

V Vice President Charles 1:14:14

It doesn't work like that, you move to previous question and then you get a roll call vote. It doesn't work like that, y'all got \$1900.

P Pro Tempore Mott 1:14:24

But we still have to put Robert's Rules back first before we do anything.

S Senator Smith 1:14:29

Just let everyone be heard so that people's got their feelings on the shoulder whether that is in support or in opposition.

V VPLA Goldstein 1:14:40

How much time do we have

P Pro Tempore Mott 1:14:42
We dont have time cause roberts rules are suspended.

V VPLA Goldstein 1:14:46
We have 6 min

P Pro Tempore Mott 1:14:50
Okay, sorry.

S Senator Fornatoro 1:14:56
Brett Fornatoro Liberal Arts um I heard multiple people state that money doesn't matter, and that we should just push it through that why would it matter for spending money that doesn't really need to be spent? But just because we have the extra money that is just dropping.

V VPLA Goldstein 1:14:56
Brett?

S Senator Smith 1:15:19
Da' Yanah Smith School of IDS, I have a quick question Mr.Brett. Who said that? Who said that money doesnt matter?

S Senator Fornatoro 1:15:30
It was multiple times when multiple fellow senators comment just as needing that you shouldn't really be worried about the price of the bill. You should be more worried about it passing.

S Senator Smith 1:15:44
Alright, Da' Yanah Smith School of IDS. I'm gonna say this and its the last time i'm going to say this. *inaudible* I will not appreciate I would have appreciated even more if you came here today with a solution in regards to having people who you allready you connected to and talked to in regards to supply those tablecloths to me simply because you want to cut it out of the budget.

S

Senator Fornatoro 1:16:13

Brett Fornatoro College of Liberal arts, Maybe you didn't hear me say earlier that it wasn't necessarily the cost of the table cloth. That it was just the fact that, those sorts of things were in this bill. I propose a solution that we amended this bill.

S

Senator Smith 1:16:30

Okay, but the bill was for allocation in funds, in our case, allocation. What else....

V

Vice President Charles 1:16:34

Okay, point of order, so we're gonna get back on track. She has a chance that she's not gonna decide to reinstate the rules.

V

VPLA Goldstein 1:16:41

Yea.

V

Vice President Charles 1:16:43

Quick question. Does anyone else once want to speak? No one's interested in speaking?

S

Senator LeBeau 1:16:48

Me.

V

Vice President Charles 1:16:48

Okay. Y'all know, we all agree that Twanna is the last speaker. Twanna we going to give you the chance, I'm gonna give you one minute. And after that, we are going to move forward. That's okay with everybody? Okay, thank you.

S

Senator LeBeau 1:17:01

Twanna LeBeau, College of Liberal Arts. Okay, so I know you keep saying cakepops and cakepops we have a solution for cakepops. Method cake catered by UNO catering and it has also been included in the catering part. So to cakepops we could just through it out the window because the cake is catered by UNO, and yep, that's it, that's all I had to say.

V

Vice President Charles 1:17:22

We will now reinstate Roberts Rules. So now we're back on the decorum moving forwards. Does anyone *inaudible*.

P Pro Tempore Mott 1:17:32
Point of order Brendan Mott. We already did the amendments part.

V VPLA Goldstein 1:17:37

So with 19 yes's and one no. The bill passes. We will now hear nominations and appointments. When Mary Jackson please come forward for nomination as senator of the College of Business Administration. You have three minutes to introduce yourself. Followed by three minutes for question.

A Appointee Jackson 1:19:55
Hello, can you hear me?

V VPLA Goldstein 1:19:57
Yes.

A Appointee Jackson 1:19:58
Can you hear me? Okay, my name is Mary Jackson. I am a college and business student. I am a student here obtaining an MBA, a master's in business administration. I've been in the military for over 30 years, and I'm here trying to complete a master's degree in business so that I could become a certified public accountant. The reason why I wanted to become a member of the Student Government Association is because there are several needs that I think that should be addressed by the Student Government Association has pretained to include especially to the College of Business. Our instructors, the quality of instruction, needs, the student body should

be made aware of that. The Graduate School in and of itself seems to run like a well oiled machine it does I don't have any qualms necessarily with the graduate school. I think the graduate school is outstanding. I think that the student body that are recruited to matriculate here are recruited to come to attend the university, our really geniuses. Most of the graduate students are very, very astute scholars. They're very outstanding, outgoing, personable individuals, but some of the instructors are. Some of my concern, I just don't think that the quality of education the the character of the instructors is what the university really scrutinize prior to hiring the people to teach the young people, the students. So, I thought that I'd come to the SGA and, you know, vocalize my sentiment and make my voice heard and try to improve the improve the program, especially the the program in the College of Business. And I thought it'd be great to meet new people be active in the campus and the the Student Government Association, I did this like many years ago, when I was an undergraduate in college. I didn't have a very present voice in the SGA. But we basically raised our program so that the quality of education not necessarily the quality as pertains to what was being disseminated. But the teachers instructors that we were getting what we need to be successful in our careers to be successful in the community to be good community citizens. And that is what I would like to offer to the University of New Orleans to the southern the Student Government Association. I'd like to be be someone a go to person that some of you guys could come to you if you had a question about the graduate school or something or anything that in the College of Business to include especially, This is my third attempt at my MBA, my military career has taken me so many places. And I'm kind of tired of being in the military just want to be able to earn an MBA and go back to corporate America. And I think I have a lot to offer. With the exception of being a chronic asthmatic. I don't see any.

V VPLA Goldstein 1:19:59
Yes.

P Parliamentarian Hinnawi 1:20:14
Time

A Appointee Jackson 1:20:22
What's that?

V VPLA Goldstein 1:20:54
Thats time.

A Appointee Jackson 1:21:29
Okay, thanks.

V VPLA Goldstein 1:21:30

So now, there will be 3 minutes for questions. Does anyone have any questions?

P Pro Tempore Mott 1:22:54

Brendan Mott, Pro Tempore. I have a question. So you replied that you had your identity stolen, which was why you did not come to the meeting last week. However one of our senators happened to see you on campus, you told them that you dropped your phone in the washing machine. And that's why that's why is there disparity in your story?

A Appointee Jackson 1:23:34

Well, first of all, it's totally. Who am I speaking to. Who, posed that question to me?

P Pro Tempore Mott 1:23:39

Brendan Mott

A Appointee Jackson 1:23:41

Okay, Brandon, I've seen you around a couple of times. Let me just speak very candidly. That's not it's not a story. And yes, my identity has been stolen. And yes, I did have to speak to the campus police about it several times, about my identity being stolen. And yes, I did accidentally wash my phone in my laundry. It was one of the things I wanted to bring to the SGA the condition of the graduate student housing and to include especially the laundry facilities and how said facilities are not necessarily a safe place for graduate students. If they're not how we probably need to get law enforcement to this facility and to these apartments to kind of walk around and you know police and secure the graduate student housing. So, I don't have a story, it did happen. I did drop my, I did lose my phone. I was without a phone for about two weeks. I do have a receipt to prove that I had to go and purchase a new phone. And yes, I am a victim of identity theft. That's something that you can follow up with detective Susan Graham and the UNO campus police about.

V Vice President Charles 1:24:49

Hey, Vice President Charles here, thank you for your time.

A Appointee Jackson 1:24:52

You're quite welcome. I don't have anything to hide. You can pose any questions to you. But it's not a story, that really did happen.

P Pro Tempore Mott 1:25:07
Motion to move on from questions to discussion. Brendan Mott Pro Tempore.

S Senator LeBeau 1:25:09
Senator LeBeau, College of Sciences, I second the motion.

V VPLA Goldstein 1:25:10
So Mary we're gonna put you in the waiting room while we debate.

S Senator LeBeau 1:25:29
Okay, I was first. So before y'all get on Mary. Let me say this my neighbors, So I do see her.

V VPLA Goldstein 1:26:03
So are you saying that if she is not appointed to the Senate**Inaudible***

V Vice President Charles 1:26:13
I think we can all agree that Mary was very long winded. That's not a problem. That's okay. Then you know, I know sometimes it seem like we don't have decorum but decourm is important Especially when you're votes matter. I do not think she respectfully respected you know the student government. We try and move this organization forward and be more you know established decorum and unfortunately she did not present that at all

P Pro Tempore Mott 1:26:44
You have two minutes left Well, Brendon Mott, Pro-Tempore, two things one um I didn't want to sound super accusatory and I apologize that I did but I did see her on campus that she told me the reason she didn't attend was that and that's why I said there was a disparity even if both things did happen what's what was in my head was that she made two different stories as to why she missed the meeting. And also what is the housing have to do with the loss of your phone. Like how did the washer come and grab her phone.

S Senator Hymel 1:27:25
Jenna Hymel, College of Liberal Arts. Excusing every feeling that we have towards her, purely going off of what she said. A lot of the things that she presented are not doable within the Senate and you could look at it that way

S Senator Fornatoro 1:27:52

Brett Fornatoro, College of Liberal Arts. I kind of like to echo both what Jenna and Angelo had to say, Vice-President Charles had to say. Vice-President Charles said she wasn't the most professional and I definitely agree with that. I think she comes off a bit silly and that's not what we are looking for in this body and her proposals are unreasonable and unattainable kind of goals. Which shows a lack of understanding of what we do here.

S Senator Hunsaker 1:28:26

Daniel Hunsaker, Junior-at-large, I was going add, her being on the senate being on the senate. What bother me is that she lives on campus which begs the question why she couldnt come in person.

S Senator Moss 1:28:46

Jodran Moss, Junior-at-large. That was going to kind of be my point. Then, it kind of late into like the school year ***Inadubile****

S Senator LeBeau 1:28:56

Twanna LeBeau, College of Liberal Arts. I do see her every blue moon. She really doesn't, she really doesn't come out the house.

Senator Wilcutt 1:31:10
No

V VPLA Goldstein 1:31:37

So, the meeting did take a wild turn. With one yes, eight nos and 11 abstentions. She is not appointed to the senate.

V VPP Mailhes 1:32:18

We will now move to open forum. This is where we discuss matters pertaining to the betterment of SGA.

P Pro Tempore Mott 1:32:26

Before everyone decides to adjourn, I'm ready to get out of here too. Brendan Mott, Pro-Tempore. I just wanted to mention the SGA bulletin boards. I'll email them. I told Katie about it. And we'll we'll have more about it soon. That's all I have.

S Senator Moss 1:32:39

Jordan Moss, Junior-at-Large, whoever hasn't answered, feel free to email me when we get out of here. When me and Brett had our meeting with the athletic director, Tim Duncan, we were discussing how we could get students more involved on campus with athletics. And he mentioned that SGA said that they would provide a budget for drivers. And I'm going to meet with him soon again, and I want to make sure I get the answer. Somebody, Tiffany or whoever was previously on the senate that has that information. Could you please email it to me so I can have it for my next meeting?

A Advisor Courseault 1:33:21

Point of Information, I can touch on that. *****inaudible***** A lot of times you will find organizations that don't understand our processes, we have processes. I can tell you that there was nothing submitted last year or this year. So my recommendation would be to tell him to submit a budget request for the upcoming school year.

S Senator LeBeau 1:33:52

Before we conclude the meeting, in the finance committee we thought about having an event, like how to write a bill or how to write a budget request event. Because a lot of organizations do not know how to write a bill or write a budget request. So I'm sending it out to organizations to figure out a date. And just putting it out there, will help organizations do budget requests and write a bill.

S

Senator Dazet 1:34:16

Candice Dazet, Grad School Senator-at-Large. I just want to say just one quick thing. I couldn't we ran out of time before I could speak on the candidate. And I didn't want to extend our meeting any longer than that. But um, real quick, someone mentioned being silly, and someone mentioned decorum. To follow up with someone who couldn't hear who said it. But she said everything we say in this meeting is being recorded and it will be posted. We mentioned decorum and being silly but then when we were talking about a fellow student who was no matter what applying to be a SGA Senator, we... people were making fun and laughing and joking about how she said certain things. I do get it she's in a different age bracket, how she came across was different. But I do think how we talk about people when they're you know are trying to volunteer their time for a student organization and especially someone you know a fellow student, different demographic, different age group, whatever. We still need to keep that decorum and not be silly and be serious about our voting for that person. I'm not coming down on anyone but that we also came across as that when we were talking about her

V

VPLA Goldstein 1:35:29

Anyone else have anything? anything

S

Senator Moss 1:35:40

Jordan Moss, Junior-at-Large, motion to adjourn.

S

Senator LeBeau 1:35:42

Twanna LeBeau, College of Liberal Arts, I second that.

V

VPLA Goldstein 1:37:15

I adjourned this meeting at 6:43pm.
