

2021-2022 Staff Council Survey Results

THE UNIVERSITY *of*
NEW ORLEANS

And the results are in...

- 70% of respondents attended 6 or less meetings in last 12 months.
- How can we engage and increase attendance at meetings:
 - Topics not part of traditional emails. Specifically personal development and career growth. Quality guest speakers.
 - Change up dates, times, and length of meetings. Reminders for meeting. In person meetings (sometimes).
- 52.27% of respondents strongly/somewhat agree that they are more informed about the role of “The Beach Research Park” and our UNO campus.
- 51.16% of respondents strongly/somewhat agree that they are more informed about how to help students throughout their educational process at UNO.
- 52.28% of respondents strongly/somewhat agree that UNO Staff Council has provided you with professional and personal development opportunities during the last 12 months.

And the results are in...

- 52.28% of respondents strongly/somewhat agree that UNO Staff Council has provided you with professional and personal development opportunities during the last 12 months.
- Topics or Speakers which would be interesting or helpful?
 - Retention techniques for students; funding model; student success
 - Staff resources and roles of staff on campus (benefits, retirement, HR, policies and procedures, athletics, staff continuing education*, budget, safety on campus, chairs/deans; student organizations)
 - More personal development (kinder colleagues, customer service, work life balance)
 - Leadership attendance and speaking

And the results are in...

- New Committee Ideas
