The meeting minutes from 2/19/18 were approved.

Upon the recommendation of Dr. Wright and Dr. Janz, the new residency courses for EDSP and EDUC were approved en masse. These courses are being created due to changes that were approved at the state level.

Regarding PSYC 2520 – Drugs and Behavior, Dr. Derstler indicated that there might be some push back from the Board of Regents about the nature of the course. Most members of the committee believed that the course is needed as it addresses current topics in today's culture.
