

University Committee on Courses and Curricula - Fall 2018

Meeting Minutes - October 22, 2018

Present: Sarah Berry, Uttam Chakravarty, Woohyun Cho, Janet Crane, Kimberly Echols, Yvette Green, Erik Hansen, Linxiong Li, Caroline Noyes, Vincent Yu

Absent: Amanda Athey, Kraig Derstler, Thomas Wright

Quorum was established for undergraduate and graduate voting.

The committee welcomed Dr. Vincent Yu as the new College of Engineering representative.

The minutes from the September 24, 2018 meeting were approved.

Dr. Noyes expressed her concern that the One Time Waiver form appears to have been abused by some departments. On today's agenda, there are one time waiver proposals and normal add a course proposals for the same courses. Ms. Soharu reiterated that the one time waiver form was meant to serve as an option if the normal form was stuck in the normal approval process such as at the college level committee. Ms. Berry indicated that the form is sometimes used by departments for new courses rather than using a special topics courses. Dr. Green recommended revisiting this issue when she and Ms. Berry visit with the colleges' courses and curriculum committees.

Regarding the Math one waivers, Dr. Noyes most of the submissions except for 2 that needed updates to the student learning outcomes. At the time that they were submitted, she was unaware that the normal forms were already in route to the UCCC.

Dr. Noyes indicated that the professional advisors are now attending their respective colleges' course and curriculum committee.

Ms. Berry stated that service learning sections will now appear on the agenda as an informational topic. If new service learning courses are submitted, they should and will follow the normal process for creating a new course.

The next meeting is scheduled for 11/26/18 at 11AM in AD 101.
