X. Open Forum

- Lajana- SGA and funding for student lounge and floors and furniture will be arriving soon. This includes a pool table, lockers, 3 gaming stations, docking station, and game boards. We are looking for computer savvy people to work in the lounge. There will also be 60 inch monitors and there will be 3, along with cable accessibility to each. Expect to be finished before thanksgiving and opening in the new semester. Gaming systems included are the up to date one: XBOX, play station, and a wii.
- As far as the side walk bill. The side walk wasn't approved due to quote which was over \$100,000 but this one would be matching university funds and they do not have the funds to help out currently. When the quote was for concrete along with grading of areas under concrete and adding additional dirt to rise above drains the price was not accurately computed. So it was \$40,000 more than the original quote.
- Kyser- Sodexo being the main maintenance on campus but it is poorly run. UNO is the only ones who still contract with them. The bathrooms are nasty and maintenance in buildings have been declining.
- Lajana- This would be a resolution to dean and president in regards to Sodexo not meeting the university maintenance policies.

XI. Adjournment

- 12:45PM
